SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Mail Stop AMENDMENT  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is a Supplemental Information Disclosure Statement filed as a substitute for, and to correct, the Information Disclosure Statement (IDS) submitted via the certificate of mailing procedures of the USPTO as set forth in 37 CFT 1.8 on or about January 11, 2005. In that IDS, it was indicated that the references identified therein as B1-B4 were brought to the attention of the Office for the following reason:

during the period specified in § 1.97(c). No item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of this information disclosure statement.

However, the references B1-B4 were previously brought to the attention of the Office. More specifically, references B1-B4 were brought to the attention in United States patent application no. 09/698,317 in an IDS filed on or about June 17, 2002 cited as references A5, A6, A7, and A10, respectively, wherein United

States patent application no. 09/698,317 is the parent of the present United States patent application. As a result, references A5, A6, A7, and A10 are deemed to be recited in the present United States patent application. To that end, it is respectfully requested that references B1-B4 be removed from the IDS filed on or about January 11, 2005.

Applicant(s) does not believe that any additional fees are due, but if the Commissioner believes additional fees are due, the Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment, to Deposit Account Number 502650.

CERTIFICATE OF TRANSMISSION

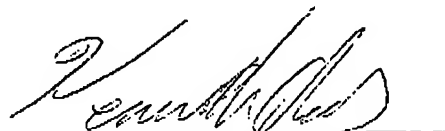

I hereby certify that this correspondence is being facsimile transmitted to the USPTO or deposited with the United States Postal Service with sufficient postage as either First Class Mail or Express Mail, in an envelope addressed to the Commissioner for Patents.
